The Voice

Luke had always hated how many of the Gods never claimed most of their children and just jam the unclaimed in the Hermes cabin while the big three's cabins were practically empty except foe Nico Bianca Tyson and Thalia even when they discussed the issue with Chiron and Mr D

"Look I'll pitch the idea to them at the next meeting Hades most likely will go for it but as for Uncle P and Dad I'm not so sure" Informed Dionysus "Sorry wish I could do more" He finishes as he sips his coffee

"Hope you can understand children..." Chiron said to the disgruntled campers as the walk out of the office Chiron then turns his head to Dionysus "Do you really think you could get them to agree?"

"Like I what I told them I'll see what I can do without the old man turning me into...I don't know a squirrel?" Answered the Wine God

Bianca looked to Luke who was the one who's idea this was "Don't worry Luke I'm sure our Dad will be more then happy to help" She said to encourage Luke

"Yeah especially if we can get mom to ask him too" Nico says knowing that his and Bianca's Dad would do anything for Persephone

"I can also get big brother Triton to Daddy about it" Tyson said with a cheerful smile also wanting some cabin mates

"Yeah I don't think my dad is gonna budge you know how he can be..." Thalia said but Luke didn't answer "Luke?" She looked to her friend who looked distracted "You ok?" She asked grabbing Luke's shoulder

This finally got his attention "Oh sorry Thalia I just been having this weird ringing in my ear excuse me" The son of Hermes said before

he walked off still hearing the strange ringing

"...help...me..." The voice said the clearest then he'd ever heard it

"Who's there?" Luke asked and turned to the Athena cabin and the voice got louder

"Help me..." The voice repeated

Luke then walked in following the voice till he got to the library

"Please find me..."

Luke turned his head to see a strange looking old book

"What..." Was all Luke said as he picked up the book

Suddenly Annabeth came up from behind him

"Hey Luke what brings you here?" Asked the daughter of Athena

Luke shows his little sister figure the book "Annie what kind of book is this" Asked Luke

Annabeth takes the book and observed it "I've never seen this book" Annabeth says with a confused expression "What's weirder is that there is no title" opens book "Or writing..."

"Really?" Says Luke as he takes the book back from Annabeth

Annabeth then says "Yeah guess it somebody's notebook or-" The books pages suddenly start to glow "WOW!!!"

In the book Luke saw a picture of a beautiful women with lushes long pitch black hair caramel skin and glowing green eyes much like Tyson's eye she also had a lovely body an hourglass figure voluptuous breasts concealed in a beautiful dress

"What the...!?" Was all Luke could say as he stared at the picture

until Annabeth read text

"Persea the first Goddess born to one of the big three?" She read shocked by the new information as she continued to read "Daughter of Lord Posiden and Lady Amphitite..."

"What in Tartarus why haven't we heared of her" Luke asked in disbelief then sees something that shocks him even more "Her domains are Blood Mercy Loyalty Benevolence and ...Demigods"

Questions for Chiron and Dionysus

In the main office Dionysus was going over what to say to the big three while Chiron was making tea

"GOD'S DAMNIT!!!" Dionysus yells in frustration

"Still can't find the words Dionysus?" Chiron calmly says as he hands Dionysus a cup of tea

"Yeah..." The Wine God mumbled as the takes the tea "I mean what am I supposed to say 'Hey Pop uncle P you mind if you break thousands of years of tradition because of an idea from your least favorite demigod?' or something" He vented as he took a sip from his cup

"What do the have against Lucas anyway?" Chiron asked

"I don't know uncle Hades doesn't seem to mind him Dad doesn't like him and Uncle P flat out hates his guts and he's one of the least annoying of the Hermes kids Hell he even tries to keep them out of trouble" Answered Dionysus

"Maybe you shouldn't tell him it was his idea..." Chiron suggested

"Even if it wasn't I'm pretty sure they wouldn't go for it just to make Luke's life more miserable" Sighed Dionysus though he wouldn't admit it he cared about the campers do his own time as a demigod and remembered how hard it was Dionysus and Chiron were waken out of their thoughts as Luke and Annabeth barged in "What do you and Annabell want now Duke?" Asked the wine god

Not even caring that Dionysus had gotten their names wrong Luke handed him and Chiron the book and says "Can you explain this?"

Dionysus opens the book to see the pages with Chiron looking over

his shoulder "What the-" Was all he could say before looking up to the demigods "Where did you get this?"

"The library in the Athena cabin" Answered Annabeth "Is it legitimate?"

Dionysus gives the book to Chiron "Dear Gods..." The Centaur said his eyes widen as he stares at the pages "This is real but I've never even heard of this Goddess before" Chiron looks to Luke and Annabeth "HOW did you find this?"

"I've been hearing this whisper in my ear for a few months now" Luke admitted "Today it lead me to this book it's been saying things like 'Help me' 'find me' and freeme things like that"

Dionysus sighed deeply looked Luke straight in the eye and told him "You'll need to come to the meeting with me Luke Castellon"

At the Meeting

The Gods started the meeting the same as always

"Another meeting when Dear old Dad and Uncle Posiden fight over the same things as uncle Hades *tries* to achieve something productive" Wined Apollo

"Oh let's not forget our 'beloved' step mother bitch about how dad is cheating on her" Artemis complained **(Artemis and her hunters don't hate men they're Asexuals that work together)**

"You do realize her accusation are usually true right?" Commented Hermes

"That's why it's soooooo annoying to hear it over and over again I mean find something else to bitch about Hera" Aphroditie adds clinging to her husband's arm **(Aphroditie fell in love with Hephaestus when he was the one to treat her like a person)**

Athena was next to speak "She's right you know it's the same old song with Zeus and Hera Zeus cheats and Hera makes everyone else pays for it"

"Not to mention that Posiden and Zeus spend most of the meetings arguing while poor Uncle Hades tries his hardest" Hephaestus said sadly as his wife started comforting him **(Hades took care of Hephaestus when his parents threw him out as a baby so in other words he views Hades as his Dad)**

"Yeah it was funny for the first few thousand years but now it's just getting predictable" Bitched Ares

Demeter and Hestia sadly sighed in agreement

"Time like these I can't help but wish they were here" Demeter says without thinking

"Miss who?" Asked Hephaestus as the younger Gods look to Hestia

and Demter

"She means Persephone and her grandchildren!" Hestia intervened "Their always hanging out in the underworld Even during the spring and summer" **(Demeter is actually OK with Hades marrying Persephone he never cheats on her Nico and Bianca are actually 3/4 Gods check out my other fanfic 'broken man's mermaid' for more info)**

"Oh ok" Said Artemis "Where's Dionysus his wine is the only way I getting through this meeting without stabbing someone"

"I totally agree with you Artie..." Aphroditie stated "...Exept for the stabbing part"

Dionysus then entered the meeting room

"Oh great we don't have to do this sober" Said Hermes but then sees Luke enter "Luke!? What are you doing here!?"

Apon hearing his least favorite demigods name Posiden broke from his argument to see Luke standing in the middle of the meeting room "WHY IS HE HERE!?" Boomed the earth shaker with rage blazing in his eyes

"Easy Uncle P" Dionysus said trying to calm the Sea God "Duke here got something you older God might want to see" The Wine looks to Luke as he takes his seat "Go ahead kid"

Luke took a deep breath before he spoke "For the past few weeks I've had a ringing in my ear but today it was clear enough to lead me to this book in the library in the Athena cabin" Luke shows the book to the council and opens to the page with Persea's picture to be shown to everyone in the room by Iris power

Many of the younger Gods looked in awww of the girls beauty and confused at the fact that they was a Goddess they never heared about as the elder Gods were in shock to hear of Persea again

Posiden however was furious when he saw this "WHY DO YOU HAVE THIS!?!" He screams as he pins Luke to the wall by the throat

Luke couldn't answer do to him be strangled

"Luke!!!!" Hermes yelled as flys over to Posiden to pry Posiden off

"POSEIDON LET HIM GO!!!" Hades yelled as he used shadows to separate Posiden from Luke

"Luke are you alright!?" Hermes asked his son

"Yeah I'm fine" Luke says through his gasps and wheezing

Hermes was relived to hear his son was alright he had always knew his uncle Posiden had some issues with Luke but he didn't think his uncle would go that far

"So....." Apollo started " What's going on and who is this" He finished gestering to the image of Persea

All the elder Gods looked to the big 3

"Brothers it's time we tell them" Hades told his brothers

Posiden sighed "The Goddess in the image is Persea she was the first child born after we defated Kronos she's mine and Amphitites daughter" All the younger Gods were in shock "She was the sweetest kindest Goddess that ever was" He continued as tears formed in his eyes as well as Hestia and Demter "She cared about all the demigods though at the time we didn't understand why to us at the time they were just a means to an end..."

"...Nice..." Luke says sarcastically

"She even chosed to be in charge of the demigods herself" Posiden continued "She helped train them to protect themselves taught them to survive and gave them a home so naturally they loved her as if she were their own mother" The Sea God smiled at this memory then frowned again "But one day she disappeared..." Rage could be seen Posiden's face "All because of that damn mortal seduced her and took her away from us SHE'S GONE BECAUSE OF HIM!!!!" Posiden Boomed as he took the book from the floor and hugged it as he sobbed for his beloved daughter Hades Hestia and Demter went to comfort him

The younger Gods sat there in shock and sympathy for their usually calm and layed back uncle brake down

Zeus just sighed "This meeting is adjourned" Is all he says before leaving with Hera

Hades Hestia and Demter went with Posiden to tell Amphitite that new info on Persea

The younger Gods exept Hermes and Dionysus Gods went home to inform their followers on the news

Lord D walked up to Hermes and Luke and grabs Luke's shoulder

"We should head back and tell the campers what's going on" The Wine God says

"Yeah" Luke agrees then looks to his father awkwardly as he still had some mix feelings about the man who abandoned his mom "...see you next time something earth shattering happens"

Was all he said before he and Dionysus left back for camp leaving a sadden Hermes "...Yeah..."

The Prophecy

[image]

When Luke and Dionysu returned to Chiron and Luke's friends had so many questions for them Luke and Dionysus told them **(Chiron Tyson Annabeth The Stolls Ethan Thalia Selina Charlie Grover Will Nico Bianca and Clarisse)** everything they learned from the meeting leaving then in shock

"Wait!" Started Thalia who was the first to get over the shock "So they has been a Goddess for DEMIGODS all this time she's been missing for thousands of years and we're only finding out about this now!?" Turns to Dionysus and Chiron "What the Hell"

"Hey calm down Tabitha" Dionysus said annoyed "The younger Gods and I are just as surprised as you"

Suddenly an Athena camper ran up to the group "Guys Rachel is having a prophecy!" She said

Soon the group find Rachel to hear her Prophecy

Look for the first half where the God eyes are blind

He will be your savoir in bind

Form coldest to hottest

You will find the sleeping Goddess

Love will be reunited once again

Only time will whether or not this time the pain will end

With that Rachel came too "What I say?" She asked

Later that night at dinner Luke Annabeth Selina Charlie Ethan Grover Tyson Nico and Bianca were discussing what the prophecy ment

"Find the first half where the Gods eyes are blind? What the Hell does that mean?" Asked Ethan as he played with his spaghetti

"Coldest to hottest?" Annabeth thought out "Well hottest could mean Tartarus so what were looking is somewhere there but were going to have to go somewhere cold first"

"That dose makes sense Annie" Luke said taking a sip of his lemonade "But what this first half thing about first half of what?"

"From what Rachel said it could this first half could be a person that will help us find the Sleeping Goddess" Nico Suggests "They most likely live somewhere cold like Antarctica or something"

"That could be true Nico" Annabeth commented "but what I'm really wondering about is love being reunited could it be that this first half and the sleeping Goddesses be lover's?"

"Could be but we have to be careful about with whatever the pain is" Nico added "Like is it emotional or physical?"

The rest of the group just stare at the younger demis

"Wow Nico since when are you so versed is prophecies?" Bianca asked her little brother

"Well Annabeth and I have been studying together" Nico informed with a smile

"Oh well it shows" Bianca cheered feeling proud of how much her brother had grown since coming to camp

Just then Dionysus came up to the group

"After your done eating Chiron and I need to have a talk" The Wine God told them

Later the group had joined In the main office

"You wanted to speak with us sir?" Asked Luke

Chiron was the first to speak "Yes after informing the council about

the prophecy they have decided to reveal the truth about Alaska..."

The group was surprised

Dionysus took another sip of the wine he had been drinking "You see the other God besides the Greeks for example Egyptian Noris exerta don't really like most of us for way to many reasons to count so they all claimed what you all know as Alaska a 'Greek God free zone' after Zeus tried hitting on Isis a few thousand years ago"

"Of course it was my Dad" Groned Thalia as she rolled her eyes

"So that what 'were the Gods eyes are blind' ment!" Ethan said with excitement

"...and if we're lucky we can find this missing half!" Grover said happily

"But we don't even know who they are or what they look like" Travis mentioned

"That's why I'm here" A voice said from the doorway Everyone turned to see it was Posiden with a grim expression along with Artemis Apollo and Hermes to make sure their uncle didn't attack Luke again "The missing half is not Persea's lover...he's her twin brother Perseus and my son" The demis gasped "When his sister went missing he blamed me me the most saying I was to controlling over Persea these days he spends time in Alaska hanging with other Gods for help finding his sister"

Artemis Apollo cringed inside thinking if that happened to Persea happened one of them they'd do the same as Perseus

The Sea God then protected an image of his eldest son "This is him..."

"Wow..." Annabeth whispers with a blush thanking the Gods no one heard her

"So all we have to do is go to Alaska and hope he'll help us" Luke says

Posiden face fell into a rage but was held back by the younger Gods he then calmed down "We'll have you on a plane to Alaska by tomorrow night" He said with a calmer face and tone of voice

"Will Zeus be ok with that?" Asked Bianca as Nico gave a nervous look

"He's making an exception..." Posiden says as he and the other three Gods started to walk off "He wants to see them again too..." with that they all disappeared leaving Chiron Dionysus and the demis to prepare

Drinking buddies

Every so often Dionysus and Chiron would host a little drinking party with a few friends
Friends being Artemis Apollo Hermes Aphroditie Hephaestus Persephone and sometimes Hades is he wasn't busy

During these little parties they'd drink eat a little food a talk even vent a little on how the other Gods were driving them crazy

This party was on the night before the demis were to depart for their quest

"So the thunder dick really got his lightning bolt out of his ass and let them fly!?" Aphroditie asked after gulping down her first glass of wine as Hephaestus giggled at his wife's choice of words

"Yeah I was surprised he hardly ever bends his own rules" Persephone started as she pours herself a glass "Well unless it's for his own benefit which is quite often...fucking prick..." Takes a sip

"Well what does he get out of this?" Asked Apollo as he eats some fancy cheese

Hades takes a small sip of his wine before explaining "Persea and Perseus were extremely powerful Gods on their own but when the work together the could defeat whole armys of titans with ease so they're pretty valuable to us" He informed with a sad sigh "I just hope when she's back she'll be will at least talk to any of us..."

"What do you mean by that Uncle H?" Dionysus asked as he uncorked a fresh bottle of wine

Hades hesitates for a second before gulping down the rest of his glass "Persea was the first Goddess to ever interact with mortals at the time many of us thought of them as needless creatures and many were angery she lowered herself by associating herself with them" this surprised the younger Gods "Posiden didn't like them

sneaking to the mortal realm to mingle with mortals so one day thinking it would make them stay on Olympis he captured a few mortals and gave them to the twins like pets that of course upset them being the compassionate kids they were" Hades explains "But the twins couldn't complain or the mortals would suffer so they kept them and tried to make them as comfortable as possible soon they befriended the mortals especially these two who they both got very close to a savy young librarian named Athanasia and a strong gard called Amarus, soon Perseus and Athanasia had fallen in love as did Persea and Amarus"

"Oooo this is getting good" Aphroditie comments as she pours another glass of wine

"The twins and their lovers kept their relationships secret for as long as they could" Hades continued "...but one day Posiden discovered his children's lovers he was furious" Hades voice became darker "My brother would have kill both of the mortals if the twins haden't begged him not too so he simply sent the young mortals but that didn't stop the lovers from sending eachother messages through the followers the twins had gained"

"How did they gain followers?" Apollo asked

"When Posiden released the mortals they captured for the twins they spread word of their kindness and compassion to anyone who would listen and soon they had a more worshippers then most of us elder Gods" Explained Hades "So for more then several years that's how Perseus and Persea kept in touch with their lovers until the sad day when Persea vanished as did Amarus when word got out to Posiden he was so angry he would flooded the world if Amphitite and Perseus haven't stopped him to this day my brother still blames Amarus for his daughter's mysterious disappearance..." A tear rolled down Hades' eye

Chiron and the other younger Gods were shocked and sadden buy this story Persephone then hugged her husband to comfort him

"W-what happened to Athanasia?" Asked Aphroditie fearing the answer

"She was killed shortly after Persea disappeared" Hades answered sadly

"Killed?" Artemis sadly frowned "By who?"

"...a God who got angery and acted without thinking..." Was all Hades sighed "...That was the last straw for Perseus and he left..."

"Shit..." Was a Dionysus could say as he brought another bottle of his finest wine

The silence was broken by Hephaestus "When the demis find Perseus and Persea ...Let's invite them..."

The others joyfully nodded in agreement

Alaska

Luke and the other demigods **(Annabeth Grover Clarisse Charlie Selina Ethan Thalia the Stolls Tyson Will Nico and Bianca)** were on the plain to Alaska Juneau

"Dio Mio!" Bianca said in aww as she looked outside her window "Nico look at this!"

Bellissima..." Was all Nico coulds ay as he gazed at the beautiful sight along with everyone else

"Hey Luke, Annabeth" Tyson said looking over to said demis "Do you think they'll like me?"

"Are you kidding Ty they're going to love you" Luke encouraged "Like we all do"

"And if they don't fuck them" Annabeth added

"Right!" Said Grover who sat next to the young Cyclops "You'll always have us"

This made Tyson smile "Thanks guys"

Suddenly the plain's engine went out and the plain started to go down

"EVERYONE GATHER AROUND NICO AND BIANCA!!!" Yelled Luke as the Di Angelos started summon protective vines around everyone in a cocoon like ball

They all brace for impact but it never came

Curious Annabeth took out her dagger cutting the vines to see out the windows what was going on

"Oh Gods guys you have to see this!" Annabeth exlaimed everyone ran out of the cocoon to see what was outside

It was a whole flock of pegasi carrying the plane with cables all being lead by none other than the God they've been looking for Perseus

After the flying horses finally landed the plane Perseus had entered before the young demis could exit he was wearing tight jeans a simple blue tank top complimenting his six pack and showing off the muscler arms that were covered with tattoo sleeves of waves and he didn't look to happy as his sea green eyes started to turn red as blood as he stared at the demigods

Wanting to break the silence Luke decided to speak up "Uuuu... Hel-"

"Unbelievable..." Perseus interrupted scaring the demis "Those assholes knew they couldn't bug me themselves so they sent a bunch of fucking kids!"

"Kids!?" Bianca exclaims slightly offended

"Bianca and I are well into our 80s and 90s... at least chronologically" Nico added

Perseus just looked at his with disinterest before saying "Please you should know that's still a fetus to me...kid" His face switches back to anger "So since he sent one of his crotch spawns what does the Almighty Zeus want from little ol' me?" The Sea prince looks to Thalia "No offense kid"

"N-none taken" Thalia says more surprised by this the new found Gods brash attitude

"Well were not here on a quest for Zeus..." Grover started but jumped back in fear when Perseus looked to him with curious eyes

"Then what are you here for?" Asked the sea God

"Well..." Annabeth said standing in front of a scared Grover "We actually got a prophecy regarding your sister"

Perseus face fell to shock at the girls words

"So there's finally a lead to where Sea **(Seea)** could be?" Perseus asks in shock

"I've been hearing her in my ear for the past few weeks now which is what led us here" Luke told the prodigal son of Posiden

"...Have you been told about our past?" Perseus asked deadpaned

"Our father Hades told us the story" Bianca answered

"Were sorry about what happened to Athanasia" Selina couldn't help but say

"Thank you" Perseus said before he snapped his fingers summoning a Pegasus for each demigods and himself "Come with me" He ordered getting on his own black pegasus

They all flew on the pegasi following Perseus and looking at the beautiful sights

"So gorgeous..." said Annabeth with amazement

Perseus then turned his head to Annabeth "Pretty isn't it? Most people just think of igloos and pola bears when they think of Alaska"

Annabeth blushed at the sea Gods attention "Uuu Lord Perseus..." The daughter of Athena started

"No need to be formal you can call me Percy" Perseus or rather Percy informed her

Annabeth blushed harder before continuing "OK Percy where exactly are we going!?" She asked what her fellow demigods were thinking

Perseus just smiled at her "Our sanctuary..." He said and pointed infont of him

All the demigods looked to see a remote looking village full of happy looking people of all ages but not all human some syters cyclops harpies giants fairies nymphs centaurs and more

When they finally landed a little girl around the age of five called out "HEY EVERYONE PERCY IS BACK!!!!"

Suddenly many of the villagers ran up to greet the wayward God

Luke Annabeth and their friends looked at the villages and noticed some particular features many of them had and realized the same thing...most of them were fellow demigods

(I gave Nico and Bianca nature powers because Persephone is their bio mom too Look up my other fic the broken man's mermaid for more details)

Sanctuary Village

Luke was the first to ask the question he and all of his friends all had on their minds,

What was going on in this village?

Not only were the villagers mostly demigods but they all seem to treat Perseus as a big brother or best friend as the walked through town instead of a God and Percy in turn treated them a equals He wave at his said hi joked with him but the most shocking was when a guy Hispanic 20 something year old in a skinny jeans black boots a loose pink crop top showing off a lean swimmers body and a flamboyant hair style tackle hugged Percy

"Hey big Bro!" The man said surprising the Luke and his friends when they see the man's distinctive greens giving away the fact this guy was a son of Posiden

"Hey Lance!" Percy said as he hugged Lance

Lance then saw Luke and the rest "Are these newcomers?" He said with a smile then he got a good look a Luke and Charlie "Well let me be the first to welcome you to town" He said as he wrapped his arms around the two handsome boys making them blush the rest of them giggled even Selina knowing Charlie was loyal to her

"Down boy..." Perseus said as he summoned some water to splash onto Lance's face "They're here on a quest"

"Oh" Lance said letting the two men go "How...quaint" He said in pity then he say the color of Tyson's eye and his face lit up "Oh hi there new baby bro!" Lance cheered and gave the young Cyclops a big hug which Tyson gladly returned

"Another new big brother!" Tyson cheered happily "I can't wait to meet big sis Persea!"

Lance eyes shot opened and turned to Perseus with a serious expression "Should I get the others?" He asked in a serious tone

"Yes Lance thank you" Perseus said stone faced and turn to Luke and the others "Come sit with me" He says as he sits at what appears to be a cafe

The rest follow suit all facing the God

"What is this place" Annabeth asked

Perseus stone face stayed "This is where the demis who's Godly parents...reject them"

Luke and the others were sadden but not too surprised that some of the Gods would reject their own kids hell they didn't even bother to claim half of them

"When Sea disappeared I was left alone to tend to the demigods so made this town to keep them safe from the assholes on Olympis" Perseus continued "Mine and sis's top generals have been helping gather them for centuries"

"Who are your generals" Clarisse ask interested

"Remember in our story when dear old Dad tried make us happy by giving us mortals as pets" Perseus asked the demigods they nod yes "Well since we couldn't just ask Dad to release him we tried to make them as comfortable as possible a few of them were surprisingly greatful to us and swore their allegiance to us and well immortality is one of the perks"

"So all this time for thousands of years you and your followers have been bringing the Gods rejects to keep them safe" Luke asked actually happy to hear this

"Well and those who couldn't find their way to camp you know it's part of our job to took after demigods who have nowhere to go" Perseus says with a smile that said 'I'm proud of what I do'

Suddenly

"Perseus is what Lance said true!?" Asked a female voice

They all turned to see that the voice came from a fire Nymph
She was accompanied by a buff looking syter a short guy who's face looked half burned as if he were 2 face from the batman franchise and a red headed male fairy the size of a grown man's thumb lastly a female giant about as tall as a tree with short blond hair

Perseus smiled at them "Yes... " looks to the demigods "Guys these are our generals" He began to introduce them "Magma" fire nymph "Andre" syter "Lysander" short human "Neon" the fairy "and Granite" the blond giant "They are the generals and the will help you with your quest along with myself" The Sea prince assured

"Wait! Lord Perseus your coming too!?" Grover asked shocked that a God would actually physically help them

"Of course it's to fond my sister what kind of sibling would I be if I didn't help not to mention it's literally my job to look out for Demigods especially when other Gods are needlessly putting them in danger"

"What do you mean?" Luke asked wondering what the sea prince ment

"Think about it..." Perseus said in a serious and deadly tone "Do you all really think that engine explosion was coincidence?"

Destination

"Are you saying that one of the Gods tried to kill us?" Ethan asked the sea prince

"Not kill...necessarily" Perseus informed "Just to put an end to your quest so Persea won't be found"

"Why would they want Lady Persea not to be found and by who?" Annabeth asked

Perseus scoffed in disgust before saying "knowing some of those assholes it's probably because they feel threatened by our power or out of jealousy it's most likely Hera" Nonchalantly as if he was talking about the weather

"Wait how do you know it's Hera!?" Travis asked

"Are you kidding?" Granite began with an angery expression "Zeus wanted Percy and Sea and Hera blamed them and not her dirt bag husband" The blond Giant muttered remembering seeing Zeus's lustful gaze towards Persea and Perseus **(Yeah Zeus is *that* kind of creep who'd try bang both twins at the same time without caring if their OK with it)**

"Yeah that perverted bag of shit would always try to get the twins alone" Lysander said as he sharpened his knife

"Sadly I can see him doing that..." Thalia said with a sigh

"That's exactly the reason I'm going with you" Perseus said nonchalantly "If Hera is will to evoke the wrath of the big three buy killing there kids she's probably willing break the treaty"

"Guess that's true..." Said Annabeth "But what if she attacks the villagers!?"

"Oh that's taken care of" Lance said with a smug smile "The Gods may have rejected us but were not usless!" With that Lance snapped

his fingers

Suddenly what appeared to be an army of not just demi Gods but syters nymphs fairies centaurs giants exerta had assembled looking ready to fight

"With the treaty the most the Goddess of bitchy and bad moms can do is send a few monsters here and I've trained my soilders to kick some ass" Lance said with a proud smirk

"Cool..." Clarisse said admiring the army

"So now that that's settled tell me about the prophecy..." Perseus said getting anxious to find Persea

"Oh right!" Annabeth said as she handed Perseus a piece of paper with the prophecy on it

Perseus examined it for a few minutes as he reads his face contorted to worry "...Persea must be trapped in Tartarus..." He said in terror for his sister then with determination in his is he shoots up from his seat "Everyone gather your supplies and rest up we leave for Tartarus tomorrow!" He ordered

Everyone in the general area could feel the Godly power Perseus emanated

"Yes Sir!" Perseus's generals and Lance before rushing off

Persea turns to the demis and gently smiles "Don't worry I'll protect you..." With that he disappeared leaving the visiting the alone

"I can't believe it" Clarisse growled angerly "What he doesn't think we can handle it!?"

The other groned in agreement

"No it's not that..." Annabeth said making everyone stare at her "It's just his job"

Tartarus

Early in the morning Luke Perseus and his Generals gathered at the center of the town where Perseus had opened a portal to Tartarus

"Ready?" Perseus asks the demigods

"Yeah" Luke said as the rest nodded yes

"Good" Perseus smiles at their bravery he then looks to Lance "Keep the village safe little brother"

Lance smiled "Of course bro! Next time we see eachother we'll be greeting our sister right Ty Ty?" He said as he looked to Tyson who Lance quickly hit it off with nodded in agreement

"Alright" Perseus smiles at his brother then looks to the portal to Tartarus "Let's go..." The determined God said before entering

"Tartarus was exactly like what we were told..." Annabeth said as she looked at all the monsters just waiting to eat them

"Yeah but thankfully Percy has his shield to protect us" Magma told the daughter of Athena with a smile

The demis the force field like shield that surrounded them Perseus had made Annabeth looked to the Sea prince to see he wasn't even bothered by making the shield

"Wow he's really powerful..." Annabeth said in amazement for the God

Suddenly a few monsters brazenly attacked the shield trying to get to the demigods

"Come here little demigoddes" one of them said to Annabeth ad he licked the shield "I promise you some fun before eating you!"

"Stay away from her you fucking bastured!" Luke said getting in

front of Annabeth protectively

The Demis pulled their weapons

But then the monster who went after Annabeth started to squirm in pain blood leaked from his eyes nose mouth and even ears then his head exploded from all the blood rushing to his head much like a water balloon did after being over filled needless to say the other monsters fled for their lives

Annabeth and the rest of the demigods watched as the blood of the now headless monster dripped down the shield then they turned to Perseus who had his arm reached out and a furious expression on his face

"What the Hell was that!?" Clarisse screamed at the wayward God

But Perseus just turned to march on "Let's go..." Was all he said

They all followed without question out of a mix of fear and respect

However Annabeth still had curiosity written all over her face this didn't go unnoticed by Andre

"It's called blood manipulation..." Andre told Annabeth smiling at her reaction "Percy can as the name implies can manipulate anything liquid so blood is no different that's the reason one of her and Persea's domains is blood infact myself and the rest of the generals have the same ability bit only with our own blood" **(think deadman wonderland)**

"Wow...that's...horrifying" Said Thalia in shock

Annabeth then looked to Perseus with adoration

"Luke are we on the right track?" Perseus asked

"Yeah Persea's voice is getting louder" Luke answered

They continued on until they saw something they never thought they'd see

Several Demigods were fighting off monsters and they clearly needed help

Perseus and the Demigods were about to charge in but his Generals stepped up

"Let us handle this boss" Granite casually said as if they were just going to run a quick errand

Then the Sanctuary Generals went to work

Magma burned several of the monsters to death and slashed them with a blood sword

Andre fended off the smaller monsters attacking the new commercial demigods by using his fists and larger then normal horns that were that were incased with blood that formed spikes

Lysander used his crossbow to shoot down the flying monsters each of his arrows flying in irregular patterns due to them being made of blood

Granite was handled the bigger monsters with spiked with boxing gloves made of her own blood

Neon being the only one not using his blood manipulation was busy healing the injured demis

Soon the generals had ward off the monsters and healed the strange demigods

Luke Annabeth and their friends just stood behind a pleased looking Perseus looking at to scene in amazement

"OK I geuss we can just go fuck ourselves then" Clarisse said sounding annoyed trying to hide how impressed she actually was

"How are they Neon?" Perseus asked his fairy General

"There ok just unconscious Perce but you might want to see them" Neon says referring to the rescued demigods

Perseus along with the Greek demigods approached the newly healed demigods

Perseus had an annoyed when he saw them "Roman demigods" He said not even surprised any more by how irresponsible and thoughtlessness of some of the Gods

The Greek demigods came to see these Roman demis interested

Suddenly Bianca Nico and Thalia gasped in shock

"HAZEL!/JASON!?"

(Comment is you me draw pictures of the generals)

The Romans

Nico and Bianca both held there Roman little sister waiting for her wake up Meanwhile Thalia held Jason as tears ran down her face

"OH GODS JASON I THOUGHT YOU WERE DEAD!!!" Thalia cried threw uncontrollable sobs

The daughter of Zeus explains about her childhood with how her alcoholic mother treated her and how the bitch abandoned Jason in the woods when he was just a kid

Perseus just shook his head sadly no longer surprised by how irresponsible Zeus could be to choose such an unstable woman to have his demigod children the Gods truly were hardly any different from humans the humans they look down upon

Nico and Bianca explained that Hazel was their Roman little sister who was a product of Pluto Proserpina and the reincarnation of their mortal mother who died giving birth the Hazel

Perseus felt for his Uncle Hades and Aunt Persephone knowing what it's like to lose a lover

Soon the some the romans **(Leo Piper Reyna and Frank)** began to wake up

"Were alive?" Groned Reyna

"What's going on...?" Frank asked but then his eyes went wide "WHERES HAZEL!?" He looks around to see his girlfriend being held by two strangers "GET AWAY RROM HER!!!!" Yelled the son of Mars as he rush towards the Hades and Persephone siblings as he transformed into a bear

Nico and Bianca were getting ready to fight the Roman demigod but then Granite picked up Frank as if he were a big cat

"Cool off Yogi bear" Granite ordered nonchalantly

Jason was next to wake up as he did he was sure he was dead "...Thalia...?"

"Yeah Jason it's me!" Thalia says threw her sobs and hugs Jason "I love you so much little brother!"

Jason started to tear up "Sis!" He Screamed as he hugged back a few seconds later he opens his eyes to see Perseas and went wide eyed and pushes Thalia behind him "Guys it's him get ready!!!!"

Like that Piper Reyna and Leo all started attacking Perseus with Jason

Perseus just stood there stone faced "Oh dear..." He caught Reyna's arrows dodged Jason and Pipers swords and extinguish Leo's flames all with ease before the Romans could react the wayward God took all of their weapons "As a God of the demis it is my job to keep you all safe so I'll be taking these" He says referring to the weapons

Hazel then wakes up "What's going on?" She asks the sees her siblings "Nico Bianca What's going on?" The daughter of Pluto and Proserpina asked her Greek siblings

Frank was struggling harder in Granite's grasp till he bites her

"OW!" The giantess yelped dropping the bear

Frank runs to save his girlfriend
"Get away from her!!!!" He screams as he charges

"Frank stop their my brother and sister!!!!" Hazel yells

Frank doesn't hear her but luckily he's stopped by a coller and chain made of Granite's blood "Look smoky I respect the whole wanting to protect your lady thing but you really should listen to your girlfriend first romeo" she said slightly annoyed

Before Hazel could get a word out Annabeth asked what a the Greeks were thinking "Why did you attack Perseus!?"

Jason was the first to answer with viger "We are on quest sent by..."

"Juno?" Perseus interrupted with an annoyed face

Jason just stared for a second "Uuu yeah" he said "Anyway she sent us here to stop this traitorous God from releasing a monster from Tartarus"

"What!?" Thalia shouted "That's not true we..."

The daughter of Zeus was interrupted by the laughter of Perseus

"Oh man this is rich" The blood God chuckled "I've only had a hunch of proof that Hera or Juno or whatever was the one who caused my sister's disappearance and now the bitch practically hands us evidence of her guilt" He wipes his tear away

"HOW DARE YOU INSALT LADY JUNO!" Jason screams outraged "I'll have you know I am her champion so-"

"So your the bitches newest toy" Perseus interrupted again rolling his eyes "Every generation or so she chooses one of her shit head husband's over developed weak pull outs to be her personal slave so she can torture them with unnecessarily dangerous quest till they die" He tells Jason as if the was giving directions

Jason and his friends just stare at Perseaus for a second

"What are you doing here if it's not to free a monster?" Hazel asked wanting this conflict between her loved ones to end

Perseus sighed and explained everything from Persea to the Gods Roman counter parts and the Roman demigods the the Greeks and vice versa

Team Up

The Romans were shocked to hear Perseus and Persea's story they couldn't belive their were Gods that they didn't even know existed and Hera/Juno had lied to them

"I can't believe it..." Jason said devastated that the Goddess that he fought for had only been using him to spite his father

Thalia went to comfort her brother with a hug "Hey it's going to be ok Jas..." It wasn't much but it was all the daughter of Zeus could think to say

The Greek demi and Perseus felt bad for the betrayed Romans so he spoke out "Hey so you all just going to mope around or are you going to help us stick it to The God Bitch Queen!?"

"How?" Piper asked

"Simple, help us find my sister testify against The Cunt Queen and we can finally get that asshole Zeus to make some changes!" He said with a confident grin and his Generals cheered

All the demigods thought for a moment

"Let's do it!" Jason says with a smile trying to hide his burning rage

So with that the Greek and Roman
Demigods joined forces to find Persea

As they marched on the voice in Luke's head was getting louder and clearer

" Yes!"

"Closer!"

"Your almost there!"

"Find me!"

"Were getting closer!" Luke tells this quest mates

Annabeth looks around "Hey is it just me or is this part of Tartarus getting less shitty the more we go on?"

"Yeah your right" Ethan says as he looks around that there is actually vegetation growing

"Even the air feels cooler" Piper says

"What's going on Lord Perseus?" Asked Leo

"Were getting closer to my sister" Perseus said then turns this head to Leo and tells him "and Percy is fine" with a smile shocking the Romans with his friendliness

After half an hour of walking with not being attacked due to Perseus's barrier so Frank decided to ask Granite a question that's been on his mind

"So I've been wondering Granite, I know that your that collar and chain you used on me were made of your blood but you don't seem the have any cuts on you" Frank pointed out

"Oh simple that was menstrual blood" Granite says casually and walks off chatting with Neon

Frank stared for a moment then freaked out "OH GROSS!!!"

Meanwhile Annabeth and a few other girls were interested

"Useful" Annabeth says fascinated "Gross but useful"

A few minutes later the vegetation had gone form a scarce to plentiful as if they were in a lush forest instead of the prison for the Gods

"Wow so beautiful..." Said Selina

"It's call because of this stream" Annabeth says as she feels the water

and splashed some on her face and tasted it a little "What?"

"Annie what's wrong?" Thalia asked

"This water is salt but not like sea water more like...tears" The daughter of Athena explained

Perseus just shrugged his head in understanding "Those are probably Sea's tears" He says making the Demigods look at him "Ever since we got separated all those centuries ago we haven't been able to protect the demis from the cruler Gods from abusing them... and it breaks our hearts" Looks to literal river of tears "These are the tears she's been shedding not only from not being able to protect the her beloved Demigods but also from not being able to see her family" Walks forward "Luke we can just follow the river but still listen for her voice" He says not looking back

"R-right!" Luke says as he and the others follow the wayward God

"Yes yes your there!"

"You can finally free me!"

"Look up!"

"Guys she's up there!" Luke said as he pointed up a large mountain with water falls flowing down

Perseus looks up the mountain as whispers under his breath "Sis..."

Goddess Found

Perseus and his companions walked up the stairs carved into the mountain with Perseus leading them

The God of blood looked to Luke "Castellon it's most likely that my sister will be encased in some sort of cage so be prepared to help me get her out" He told the son of Hermes

"Alright but why me Lord Pers-" Luke remembers how casual the blood God was "...Percy..."

"She chose you to hear her crys for a reason so I'd think she'd want your help as well" Was all Perseus said

As they climb up the stairs they began to hear soft sobs that got louder with every step until they reached the top to see what looked like a giant closed clam with streams of tears pouring out of the sides obviously this is where Persea was being

Without a word Perseus and Luke went to pry it open they struggled at first but soon enough The shell began to open and inside was Persea who appeared to be sleeping on a pool of her own tears as tears streamed down her beautiful tan cheeks

All the demigods stared in aw of her beauty as Perseus and the Generals eyes began to water at the sight of their beloved sister and friend after so many centuries without her

"I gotcha sis" Perseus says as he lifts up Persea bridal style as soon as he does they both glow with an unfathomable amount of power

All the demigods and generals could do was bask in aww

After a few seconds the glow died down and Persea's tears had stopped but she still remained unconscious

Perseus may have finally gotten all his power back but that didn't mean much if his sister wasn't there with him

"Let's get home..." Was all Perseus said before all of the demis and generals were engulfed in a blue light and suddenly in the center if town much to everyone's shock including surrounding villagers who looked in aww of the sleeping Goddess

"Why couldn't you do that before?" Asked Leo with interest

Perseus looked to the son of Volcan and explained "My sister and I are two halves of the same whole when it comes to our power when we're separated our strength is cut in half now that we're back together we can now use are full power" He turns and heads to Persea "But forget that for now let's just get Sea to a real bed so she can recover"

As Perseus walked through the crowed the residence made a path for the wayward twin Gods and Generals

Perseus stayed in a humble building the same as the rest of the suburban villagers no more no less he had same basic necessities such as bathroom kitchen living room and bedroom the same as the rest had though he mainly used most of it for simple pleasure but today he was using his comfortable bed to help nurse his beloved twin sister back to full health with the help of his oldest friends and the brave Greek and Roman Demigods to help him

As they all look over her Persea stirred in her sleep and opened her sea green eyes slightly

"HEY she's waking up!" Luke said standing behind Perseus as Annabeth examined the groggy Goddess

Persea stretched her hand to the two males "...you came for me..." She whispered with tears of joy in her eyes before falling back to sleep

Perseus just tucked his sister into bed then turns his Generals and demigods with a smile "Hey why don't you guys head to the pub while I stay here a take care of my sister..."

"Yeah...sure that sounds great" Andre says getting the hint that Percy wanted be alone with Persea and looks to his fellow generals

"Come on guys let's get drunk!"

The the demi cheered until Perseus interrupted

"No alcohol for anyone underaged" Perseus said as he removed a lock of hair from Persea's face as a few of the demigods groned **(Stolls Thalia Clarisse Will Nico and Bianca)**

When the left Perseus looked to his sister and whispered "They don't remember yet Persea just be patient..." With a hopeful smile

Celebration

Luke and the others celebrating at the local pub with an out door feast with the generals and other residents of the village

"TO LADY PERSEA!!!!" Cheered Lysander as he held up an entire wine bottle he was drinking from before he continued to gulp down the fancy wine as the crowed cheered

Charlie was chatting with Leo Selina was with Piper Thalia with Jason Clarisse with Frank and of course Bianca and Nico were hanging out with Hazle guess they want to get to know/catch up with their new found siblings

The Stolls were being watched by Granite to make sure they didn't order alcohol

Will was having a conversation with Neon who was drinking beer from a thimble probably about healing

Tyson was having a grand time inside singing karaoke with Lance even though they were butchering Celine Dion's greatest hits

Grover was learning some attacks from Andre while Magma served/ cooked some meat

Ethan seemed to be enjoying some sort of chicken curry at the bar with the cook/bartender seeming to be an Ares child

Luke smiled to himself happily liking the fact not only had they competed their quest without any casualties but also now all his friends seemed to be enjoying themselves but wait where was Annabeth

Luke looked around to see his sister figure was on a beanch a couple yards of the party looking at the stars Luke let's out a sigh knowing that Annabeth was upset so he decided to join her

"Hey Annie what did you think of your first quest?" Luke asks as he

sits infont of her

"Don't get me wrong I'm glad Persea has been freed but..." Annabeth started "We didn't really do anything... Lord Perseus and his Generals basically took care of everything and we were just...there you atleast led us to Lady Persea"

"Yeah that's true Clarisse and the others have been saying the same thing" Luke assured her "But to tell you the truth I'd rather have that happen then lose any of you guys"

"I know your right but now how are we going to prove ourselves to our parents?" Annabeth asked

"Your all worth so much more then just what you can do on a quest..." A familiar voice says

Luke and Annabeth looked to see it was Perseus who had a concerned look on his face as he grabbed Annabeth's hands

"Lord Perseus?" Annabeth asked in surprise

"Annabeth you are compassionate kind brilliant and filled with so much love" The God of blood assured the daughter of Athena with a kind smile "Not just you but all the demigods Greek Roman or whatever your not tools you are people who didn't ask to be born into this bull shit and you all deserve to be loved"

Annabeth and Luke were surprised at Perseus's words Annabeth teared up at his words "Thank you...Percy..."

Perseus then had a great idea "You know we've been meaning to get a good architect..."

Annabeth's face lit up at this "But I haven't finished school yet!" She says still smiling at Perseus's offer

"Oh well we have plenty of connections to great colleges all around the world we even get the demigods sent off you so you don'thave to worry about attracting monsters" Perseus assured her then starts to drag her off "Come on I'll get you talk Donna, she's one of your sisters, to help you she's our education director!" They both run off

leaving Luke alone

"Well Annabeth seems to be feeling better" Luke says with a smile finally know his sweet little Annabeth will be alright then he thinks for a minute "If Persea is feeling better I should bring her some food" He thought out of the blue

Luke then gathered some food on a trey and a bottle of wine then headed to Perseus's home where Persea was

"Lady Persea I brought you some food if you'd like" Luke says as he opens the door to Persea's room but was shocked to see the female blood God wasn't just not in the bed but no where in sight "Lady Persea?" Luke says surprisingly calm as he put the food and wine on the nightstand beside the bed

Luke looked around the room to find the wayward Goddess until he hears the door close from behind him

Luke turns to see none other then Persea who had closed the door her long thigh length hair was down and she was completely naked...

Passion (smut)

Luke was gobsmacked to see Lady Persea standing right infont of him completely naked her body was none less then flawless her skin was a light caramel her breasts were perfect twin mountains with dark chocolate tips for nipples her abdomen was slender and smooth with an innie belly button her hips were full and robust perfect for giving birth her womanhood was completely smooth except for the small tuft of hair on the top of her slit legs were long and curvy needless to say Luke could feel his pants getting tighter

"Lady Persea!?" Luke says in shock "Your awake that's great that your feeling better" He continued as he tried to ignore the feeling of blood rushing to his loins

Without a word the newly awaken Goddess seductively walked to the son of Hermes with eyes filled with lust

Not knowing what else to do Luke picked up a plate of grapes and offers one to Persea "Would you like to try some grapes they're quite sweet!" Luke says blushed

Persea looks at the grapes in Luke's fingers then without a word she grabs the demigods wrist and takes the grape in her mouth along with the Luke's fingers and pulls away with a smile "Yes they are sweet" She says as takes another grape from the plate "You should have some too" She says as she puts it in between her lips and gives it to Luke through mouth to mouth before Luke could say anything

The son of Hermes was starting to lose his senses from the surprise and the intoxicating fragrance of the gorgeous blood Goddess as she pushed him on the bed and straddled his hips and pushed up his shirt to reveal his six pack "Nice..." Persea said before she scoots so she could be face to face with Luke and press their faces together

Luke could feel the Goddess' wetness on his abs "Oh damn..." The son of Hermes moaned in pleasure lovingly the feeling of Persea's soft cheak on his own his own

"I'm so happy you found me" Persea whispers happily in Luke's ear

Luke's senses came back to him as he quickly sits up and pushes her at half arms length

"You don't have to do this just because I helped save you" Luke told Persea

The Goddess stared at Luke for a moment then smiled at him "That's not to reason" Was all she said before she pushed Luke back down and began kissing him again

"This is wrong" Luke says in his head *"But it feels so right"* He thinks before his mind goes blank as she wraps his strong arms around her

Suddenly Persea sits up scoots forward and squeezes her breasts together and fondled her nipples "You like these?" She says senualy as she grinds her hips she then leans down to put squish her breasts in Luke's face "Well their all yours" She moans as rubs them in his face

Liking this Luke grabs both of the Goddesses breasts and starts to lick and suck on her nipples

"Oh yes good boy just like that!" Persea moaned Luke then wrapped his arms around Persea's waist and layed her back on the bed "So forceful..." The Goddess moans as the Hermes boy pulls off his shirt and begins kissing her neck "Yes yes that's good..." The Goddess moaned brushing her fingers in his blond hair

Luke kissed Persea down from her neck chest abdomen then started to suck and lick Persea's clit "You taste so good" Luke moaned in to the Blood Goddesses folds causing a shock of pleasure though her body

"Stop!" Moans Persea and pushes Luke up to his knees and sees the huge bulge in his jeans "Wow your quite big" She then unzipps his pants to reveal the son of Hermes huge throbbing cock

Persea then licked her lips excited to take in that large member

The blood Goddess then begins to suck Luke's cock as if it were a

delicious treat "Oh Fuck!" Luke moans as he grabs the back of Persea's head "Suck harder your so beautiful!" He says in sexual bliss as he looks at how curvy the blood Goddesses body was especially with her valobuas ass

Suddenly Persea pulled away much to Luke's disappointment until the gorgeous Goddess turned around putting her head on the pillow and lifted up her ass for Luke's easy access "Please...please enter me" She says with her voice marinated in lust

"A-are you sure?" Luke says surprised by the Goddesses plead

Persea smiles at Luke words "If your worried about getting me pregnant you can use my ass if you'd like" She says waving her ass at the son of Hermes

After hearing Persea's offer Luke couldn't take it anymore lines his cock with her whole and shoved it in her ass "Sweet Gods YES!" He's moans as he starts thrusting

"YES! YES! YES!" Persea screams in pleasure "Keep going!"

After several minutes of pure carnal bliss they both came together

Both lovers completely naked gently embraced eachother basking in the blissful after glow as they drifted to sleep

In the moment Persea let out a murmur "Amarus..."

Conflict of the parents

On Olympis and in all the Greek Gods kingdoms word of Persea's rescue spread like wildfire fire and none were more happy then Posiden and Amphitite but that happiness was turned to rage as all the Olympians and those closest to the Sea twins were called to the council room

"Our baby has finally been found and you say we can't even go see her because of something you did!?!" Amphitite screamed at Zeus as tears ran down her face

Understanding their dear aunt's rage was justified Aphroditie and Artemis tried to comfort her along with Triton

"Amphitite you twins are in Alaska right now" Zeus says calmly "Any of us going there would an act of war"

"And who's fault is that?" Asked Hades looking at Zeus with annoyance

"Hey in my defense Isis way over reacted" Zeus said defensively

"You drunkenly said and I quote 'Hey babe want me to insert my lightning bolt in your Nile rivers' What does that even mean" The king of the underworld shot back

"Dear us Dad what the fuck!? I mean I'm the God of debauchery and I think your a creep!" Dionysus says in disgust

"Anyway..." Hestia started trying to get the meeting back on track "When do you think the twins will come back to Olympis?"

"*If* they want to came back" Hades
added

"What do you mean Uncle?" Artemis asked with an eyebrow raised

The elder Gods all cringed knowing the answer

Artemis was the first to speak "Artemis think about it last time they home Perseus' lover was Murdered shortly after his beloved sister disappeared and Persea was imprisoned we may not know what happed to *her* lover but it's a safe but it was nothing good if the history of Greek tragedy is anything to go by"

Posiden growled hearing his daughter's love being mentioned Amphitite noticed this

"Posiden we don't know for sure if Amarus was responsible for our daughter's disappearance" Amphitite said trying to calm the Sea King

"But he had something to do with it and I will never forgive that bastured no matter how many lifetimes go by!" Posiden growled

This caught all the younger Gods attention and suddenly it hits Hermes

"Uncle is that the reason why you've dislike Luke?" Asked the Messager God "Because he's Amarus reincarnated?"

Posiden stayed silent

So Amphitite answered for her husband "Yes Luke is Amarus as well a Annabeth is Athanasia"

All was quite from shock until Aphroditie let out an exited squeal

"OH. MY. US!!!! HOW ROMANTIC!" The love Goddess squealed like a school girl who's favorite Netflix drama got a new season "I wonder if we can get Luke and Annabeth to remember his past lives?" She thinks out loud

"Well the only way for that to happen is for the twins to be have 'intimacy' with their lovers" Amphitite informed "My sweet Perseus has known about Annabeth for so long but he's been waiting for her to turn 18"

Artemis Aphroditie and Athena nod in aproval but Posiden has a horrible thought

"IRIS!" The sea king screamed and just like Iris appeared

"Uuuu...yes Uncle?" Iris asked a little scared from her uncle's tone

"Open a window through Luke Castellans eyes!!!!" Posiden demanded and Iris did so

Hestia scoffs as Iris starts " Oh please brother I highly doubt after thousands of years of in Tartarus Persea would be-" Her words were interrupted by erotic moans from the window

The council room was in shock to see through Luke's eyes was a naked Persea on top of him smiling

Many of the female Gods blushed and turned their gaze away

Some of the males such a Hephaestus did the same while the others were intranced by Persea's beauty

Hermes on the other hand had tears of joy "That's my boy..." He sniffles

"IRIS CLOSE THE WINDOW!!!!!!" Amphitite shouted wanting to protect her daughters privacy

Iris did as she was told with a blush

Everyone could feel the rage coming from Posiden

Amphitite tried to reach out to her hand to her husband "Posiden..." But Posiden unleashed his rage

"SCREW THE BAND THAT LITTLE BASTURED WILL DIE" Posiden screamed before disappearing in a flash

The rest of the Gods knew that this could mean trouble

Memories

In the morning after a night of passion Persea was still sleeping peacefully with a big smile on her face Meanwhile Luke was wide awake sitting on the side of the bed having a slight panic attack contemplating what had happened last night

"Oh Gods oh Gods what did I just do!?" Luke screamed internally "Posiden already hates me but now that I slept with his daughter he's going to curse on me if I'm lucky"

Then suddenly Luke had a vision of Posiden looking down at him in rage

"I will never let you be with my daughter!" The sea king screamed in furry pointing his triton at him

"What was that!?" Luke thought out loud "Great now I'm losing my mind" He says in his hands

Luke then felt arms around her waist Luke turned to see Persea had wrapped her arms around his waist in her sleep he smiled at her thinking that she looked like an ordinary girl rather then a Goddess "Well at least it can't get any worse"

Then suddenly the door opened to revealing Perseus Annabeth and everyone else including the generals to witness the scene infont of them

Luke sitting on the bed with his dick out and Persea completely naked clinging on to his waist

Needless to say Luke wanted the earth to swallow him up right there and then

There was a long awkward silence until Annabeth finally broke it

"Luke what the fuck!" The daughter of Athena blurted out causing the rest to voice their thoughts

The campers were saying things like "Holy shit!" or "How did this happen?" exept for three

Thalia and the Stolls were ask things like "OMG you slept with a goddess!?" and "Wait to go Luke" like he achieved something important

All the commotion woke Persea with an annoyed face "Your all annoying" The Goddess muttered before giving a wave of her hand using her power to shut the door Once the Perseus the generals and other demis were out of sight Persea wrapped around Luke's neck and looked into his blue eyes "Now shall we continue on from last night my handsome Amarus"

Opon hearing the ancient name Luke had pushed Persea at arm's length in surprise "My lady please forgive me but I'm not Amarus!"

Instead of the blood Goddess getting upset like Luke expected she just looked slightly concerned "Oh love have your memories not fully come back to you yet?" She asks as he caressed his cheek

"What are you-AAAAA!!!!!" Luke tried to ask but was interrupted by the sudden rush of memories coming to him all at once

Persea gently held Luke's head to her breasts and strokes his head as if calming a child "It's OK my love just let it pass" Persea said like a comforting mother

Meanwhile outside of the room with Perseus and the others The generals and Demigods were still possessing what they saw while Perseus mutters to himself in annoyance "Damnit sis you really couldn't wait?"

Before anyone could ask what Perseus was talking about they all heard Luke's screams of pain

"What the fuck is she doing to him in there!?" Yelled Charlie

"Luke before we come in is she killing you or thrilling you?" Connor shouted at the door "Cause beautiful Goddess or not we really don't want to see our brother getting his freak on!"

"No judgment!" Thalia added

"FUCK OFF!" Both Luke and Persea's voices were heard from behind the door

Much to the others surprise

"Rude" Lance said annoyed

"...So?" Travis started "What do we do now?"

Perseus had only sighed in annoyance and answered with "They're 2 consenting adults there's nothing we can do" The male Blood God then lead the demigods and his Generals outside

"Percy you alright?" Neon asked seeing the aggravation on the wayward Gods face

"Yeah..." Perseus assured "It's just gonna be a pain to explain to Luke sis honestly could have at least waited a day or two"

This got the demigods attention

"Lord-" Annabeth started "...Uuuu Percy you sound like Luke and Persea...fooling around was inevitable what exactly is going on?"

The demigods and all looked to Perseus and the Generals for an answer

"I'll explain once Sea and Luke...wrap up" Perseus told them sounding like an annoyed father

"Well look at it this way boss..." The human General Lysander began trying to comfort the Blood God "At least it can't get anymore complicated..."

Then a giant light in the middle if the village flashed to reveal Posiden wepon in hand looking ready to kill needless to say the villagers were terrified

"WHERE IS THAT SON OF A BITCH!?" The Sea king screamed

"Daddy!" Tyson cheered happily

"...Fuck you Sander..." Perseus told the immortal human being done with that day...and it wasn't even noon

Fucked up Family Reunion

Posiden looked around the town with an expression full of hatred. "WERE IS HE!? WHERES THE BASTURED WHO DARED DEFILE MY DAUGHTER!?"

"Hello to you too, Dad," Perseus said to his father as he approached

"PERSEUS HOW COULD YOU LET THIS HAPPEN AGAIN!?" Posiden yelled at his estranged son

Perseus rolled his eyes at his father's words, not even surprised. Posiden had always seen Perseus as the more responsible one due to the fact he was less impulsive than his sister

Perseus just pinched the bridge of his nose "It's not like I encouraged them" He tells his father clearly annoyed as he looks at him "Plus isn't you being here kind of a huge problem?"

"HOW COULD I CARE ABOUT A STUPID BAND WHEN MY DAUGHTER HAS BEEN DEFILED!?!" Posiden screamed that everyone could feel his anger

"Father, they are two consenting adults, so you really don't have much of an excuse to be here if it's not against Persea's will," Perseus says calmly

Posiden growls "Well what if that bastured Castellon is holding her against her will as we speak!?!" He was looking for any reason to get Luke away from his precious daughter

"Well, I agree with Posiden on this one," Andre said in a very condescending tone. "I can't imagine taking someone against there will," He finishes as he flips the bird to the earth shaker

All the camp demigods gasped in shock, fearing Posidens' wrath while the villagers just laughed

Posiden pretended not to notice and continued to speak with his

son "Perseus please just take me to Persea so I can talk some sense to her."

"No need, I'm right here," Persea's voice

Everything turn their heads to see Persea marching towards them with Luke in tow, but the son of Hermes seemed different somehow more intensely

Posiden growled at the boy next to his daughter "I assume you have all your memories back Well that's good now that don't have to give you a reason why I want you away from my daughter" The Sea God says pointing his triton at Luke with fury in his eyes

Luke's expression seemed annoyed at the sea kings words, and his answer was even shocked. Even his closest and oldest friends

"Fuck.You."

Religious experiences

The demigods all looked in shock at Luke. He just cursed at a GOD!!!

Meanwhile, back at the Olympian council, the Gods were just as shocked...at least the younger Gods

"... He's so dead," said Hermes, still in shock by his son's words

All was silent until Ares broke out in laughter

"One night with a Goddess, and he thinks he's the new king of Olympis!" The God of War laughed hysterically

But the older Gods knew that Amarus was back...at least mentally

Back to the village, Posiden looked at what appeared to be Luke Castellon with rage in his eyes. "I see you've gotten your memories back, Amarus." He growled in fury

"Amarus!?" Exclaimed Annabeth in surprise."Wasn't that the name of Persea's lover!?"

Before Perseus could say anything, his sister beat him to it "Dad why in Tartarus? Can't you just stay out of my business!?" She yells at her father like a normal angery daughter defending her love instead of a Goddess as Amarus gives her soothing pats

"Because you're my daughter, and this mortal is beneath you!" Posiden answered his daughter like any other overprotective father

"You weren't this upset when you caught Perseus and Athanasia!" Persea shot back."Is it because he's a man!?"

"NO! I thought you two were just enjoying the gifts your mother and I gave you, " Posiden answered making some of the Demigods cring."If I knew you two were being seduced by those damn

mortals,"

"Oh, they didn't seduce us. We seduced them!" Persea shouted back."Ask mom. I actually asked her for advice on flirting!" She admitted

Posiden then grabbed Persea's arm. "That's it Persea your coming home right now."

Before Posiden could do anything else to everyone's shock, Luke pulled out Backbiter and pointed at Posiden. "Persea can make her own choices," He said coldly

At this point, Posiden's anger was at it's limits "That's it, Amarus. I am not letting you take my daughter again!" He's says as he holds up his triton to strike

Perseus then intervened by jumping in front of Persea and Amarus blocking his dad

"Father, leave!" Perseus demanded "Your not even supposed to be here!"

"WHO THE FUCK CARES!?!" Posiden roars

As The Earth shaker was about to attack Luke a light came above shining over Posiden

"**WE CARE!**" A loud yet gentle voice came from the sky

Everything one looked up to see several deities from different religions

Odin the king Noris mythology

Isis the Egyptian Goddess of motherhood magic and the moon

Amaterasu Japanese Goddess of the sun

Shiva hindu god of destruction

Lead by Jesus himself

"Posiden we belive you and most of the Olympians were told you were *not* welcomed here" Jesus said sound an annoyed teacher

"But Amarus is taking my baby girl again!" Posiden wined sounding like a child

Persea just rolled her eyes "Dad..."

"YOU VIOLATE THE BANN FROM ALASKA AND NOW YOU MAKE EXCUSES LIKE A CHILD WE SHOULD EXPECT NO LESS FROM ONE OF YOU GREEK GODS" Odin booms and turns to Perseus and Persea "No offense Perseus and Persea your both obviously welcomed here and it's good to see you again blood Goddess"

"None taken" Perseus says not even caring at this point

"...and thank you Odin it's nice to see you again too!" Persea smiled at the Noris king

Amaterasu was next to speak "Anyway Posiden it's time you leave!" The Japanese Goddess warns the Greek sea king

"But-but..." Posiden tried to argue back but was interrupted by his daughter

"Father I swear on the river of stix I will visit Atlantis tomorrow just let us have live out the rest of this day in peace" Persea told her father

Posiden paused for a moment and gave in to his children's wishes "Fine...your mother and I see you tomorrow we have alot to

discuss...I love you both...I really do"

Perseus and Persea were surprised were both surprised as when they were younger their father rarely showed these kind of emotions

"Well I missed you too...Dad..." Persea says to her father "I'm excited to see mom again" she finished as Perseus just nods in agreement

Posiden smiles and looks to Tyson and Lance "Look out for them ok"

"Yes Daddy!" Tyson cheered

"Sure thing old man!" Lance said

With that Posiden left in a literal flash

The newcomer Gods all looked at the Sea twins and the Demigods

"Now we have quite a lot to catch up on" Jesus tells them with a smile

Devine Conversation

After Posiden left Perseus offered to have breakfast at the village pub in ordered to explian the other Gods and demigods what was going on

The demigods were unsure how to react as they were having lunch with not only two Gods they just found out existed but Gods from other religious like it's nothing

Jesus noticed their discomfort and gave them a reassuring smile "Hey I get it I'm a demigod myself remember"

"Oh yeah that's right your the son of God well Christian God" Thalia said

"Actually historically Jesus was or is Jewish" Annabeth said "Christianity started as a cult that even made him a victim of white washing"

Jesus smiles at the daughter of Athena "That's right little lady"

(Author's note: Nothing I write in this is serious I'm actually an agnostic so please don't send me angery comments thank you)

Meanwhile Persea was amazed by how much the culinary arts came along in the past several thousand years

"Wow this is so delicious what is this dish called again?" Persea said as took another bite of her meal

"Blueberry Pancakes dear" Luke said with a smile as he wiped some syrup from Persea's face with a loving smile

As Shiva saw this knew immediately what was going on "Oh I see Persea has found her lost lover's reincarnation already..." The God of Destruction says as he rests his chin on two of his four hands as the other two feed him his fruit salad

"WHAT!?" The demigods exlaimed in shock hearing this new information

All the God present and Luke/Amarus just laughed good naturedly at the children's surprise

"It's funny how you sweet demis still get so surprised with things like reincarnation after everything you see and do!" Isis said with a giggle as she took a bite of her peanut butter waffles

Annabeth smiled at the Egyptian mood Goddess "We'll it's mostly that it's Luke since we've known him for so long"

"Plus we were starting to think he was gay" Travis said with a mouth full of oatmeal Connor and Thalia nodded in agreement

"You'd surprised who was who in a past life" Amaterasu said

Annabeth was about to ask what that ment until they heard Odins laughter

"Come on Persea after 4000 years in that prison you'll need more the bread and berries have some real food" The Noris king said waving mutton leg in her face **(Common breakfast in Valhalla because why not)**

"OK ok I'll have some" Persea says with a laugh taking the meat "You never change" She takes a bite out of the mutton

Now that everyone was calmer Perseus decided it was the best time to explain everything

Perseus cleared his throat "OK everyone it's time I explained what's going on you see Luke is the reincarnation of Persea's lover Amarus..." The male Blood God said with a smile as he watched his dear twin sister hold hands with Luke "and after they got...'reacquainted'..." Persea and Luke blushed with ear to ear grins as the other demis cringed "Luke soon regained all his old memories from when he was Amarus"

The Gods Lance and the Generals had already understood this part was mostly for the demigods who couldn't believe their ears

"So does that mean the Luke we know has completely changed forever?" Annabeth asked concerned about her brother figure may become a totally different person so suddenly
Luke then smiled to Annabeth to calm her "Don't worry Annie I'm still the same old Luke I'm just have more memories and..." Luke grabs an apple and a sharp knife throws it it in the air slashes it in mid air when it lands in perfect slices "...more skilled..." The son of Hermes assured his family as he wraps his arm Persea "Not to mention the best Goddess in all history as my lover" He boasts before giving Persea a kiss

Annabeth turned to Persea "So is it the same for you and Athanasia?" She asked The male God

"Well yes!" Perseus smiles with a blush

Shiva let out a chuckle "Well you two better get busy!" He said to Perseus and Annabeth with a laugh

Perseus Persea Lance and the Generals all shot looks that the hindu God The demigods eyes bulged at the multi armed Gods God ans Annabeth looked to Perseus

Shiva then realized his mistake "Oh I'm sorry I thought everyone already knew!"

Annabeth looked to Perseus "Why didn't you tell me!?" She ask Perseus

"...I was waiting for you to turn 18!" Perseus says quickly

"Thats the day after tomorrow" Annabeth pointed out blush at the fact if she wanted her memories from when she was Athanasia she and Lord Perseus would have to...have sex

With that the rest of the day became very awkward

Farewells and Promises

With their quest completed it was time for the camper demigods to go back to their respective camps

Before leaving they all said goodbye to their new found siblings

Nico Bianca and Hazel:

All were in a group hug

"I love you guys!" Hazel says with a smile on her face

Thalia and Jason:

Both hug eachother tightly as if they would never see eachother again

"You Iris message me ever other day you hear me Jason" Thalia tells her little brother tearing

"Of course sis...I love you!" Jason told his beloved sister

Piper and Selina:

"I'm so happy I got to meet you you have to come to camp half blood to meet the rest of the Aphroditie kids!" Selina says like an excited school girl

"And you have to meet the other Venus kids they'll just love you!" Piper with equal excitement

Leo and Charlie:

"So let's Iris message ok?" Charlie said shaking Leo's hand

"Definitely...bro..." Leo answered with a smile

Clarisse and Frank:

Clarisse punches Frank's shoulder good naturedly "Can't wait to introduce you to the rest of the Ares cabin they're all gonna want a piece of you!"

"Can't wait sis!" Frank says as he pulls Clarisse in for a hug

Tyson and Lance:

Both sons of Posiden embraced eachother

"Oh bye bye Ty Ty!" Lance said as as he dangled in Tyson's bear hug

"I'll miss you Lance! I can't wait to introduce you to Ella!" Tyson cheered

Meanwhile Persea and Perseus who are talking to Luke and Annabeth a few yards away

"Do you really have to go Luke?" Persea asked her lover "I know we have to go to our parents today but that doesn't mean you can't stay around till I get back"

Luke smiled at Persea "I'd love that baby but I have to go to camp and explain everything to all our friends back at camp and then I'll be right back With you again forever and ever" Luke tells her with a spark of love in his eye

Persea and Luke both share a passionate kiss

Perseus and Annabeth just stared at them make out in awkward silence

"So..." Annabeth says with as she turned her head to Perseus trying to feel less awkward but when Perseus looks at her she remembers what happened the day before with Shiva and it gets even more awkward

Both blush and look away from eachother

"...My sister and I will talk to our mother and father about Hera in the meantime the romans will stay here where they're safe from her wrath..." Perseus said assuring Annabeth that she and her friends

will be safe when they leave Alaska

"Thank you Perseus...Percy" The daughter of Athena smiles at him trying to make the situation less awkward She the took a moment to gain the courage to speak up "I'll come here with Luke I'll be 18 by then...and we can work on getting my memories from when I was Athanasia" She said her face redder then a tomato

Perseus obviously knew what Annabeth ment "You...you don't have to if you don't want to..."

Before Perseus could say anything else his sister ran up to him

"We better get going before Dad destroys everything at home" Persea says to her brother then realizes something "Home...It's really been a while since I've been there...has it changed alot since I went...away?" She asked her twin brother

"Well I left shortly after you disappeared there was really not much left and Anastasia...passed there really much left for me and I only really kept in touch with mom" Perseus told her "She's the one who told me about our new younger brothers" The male Blood God informs

Persea's eyes lit up "We have more little brothers!? I can't wait to meet them all!!!" Persea said as her eye glittered "Oh that reminds me" She then rushes to Tyson and Lance and hugs them "I'm sorry I couldn't spend more time with you guys with everything that's been happening but I promise that when we meet again we'll spend the whole day getting to know eachother!" Persea promised as she gives the flashy demigod and cyclops a bone crushing hug

"Oh it's OK sis if I had a sexy piece of ass like Luke I'd be distracted too" Lance assured her

"Yay I can't wait for you all to meet Ella!" Tyson cheered exited to hang out with his new found siblings

Perseus then walks up to them with a smile of his face "Well we better get going sis" He tells his sister

"Right!" Persea responded as she runs next to her brother and with

that they left in a literal flash to visit their estranged family

Let's sea the family

When Persea and Perseus first step in the Sea kings palace they were immediately hugged by their parents

"Oh my babies! I've missed you so much!" Amphitite says through her tears of joy then looks to her daughter "Oh my Sweet little Persea it's so good to have you back home" She told her only daughter new immortal brothers

"It's good to see you too Mom" Persea cheers then looks around the palace to see paintings of all her new brothers "Wow so many..." Persea says with excitement in her eyes "I can't wait to meet all of them!"

Posiden then spoke out "You'll meet them all tonight at the feast to celebrate both of your return" He said with glee

"Father before that we need to talk about Hera" Persea said in a serious tone to his parents "We belive she tried to sabotage the demigods quest as well as be the one responsible for Sea's disappearance"

Both of the Posiden and Amphitite looked to their daughter "Is that true?" Posiden asked her

"All I know is that she locked me in my prison but I don't know why..." Persea answered

Everyone was silent for a moment until Amphitite decided to lighten the mood and spoke with a smile "Let's forget this nasty business and have a tour of the palace it sure has changed alot since you were last here!"

"That sounds wonderful Mama!" Persea cheered and hugged her mother

After a few hours went by and Persea and Perseus were so both

surprised and happy about how much their home had changed since they had been away Back when they were younger the Atlantian people were ran mostly by fear of their parents wrath and just did what they were told but now the citizens looked genuinely happy with their carefree smiles some even saying hello the their parents much like how the demis in the village acted with Perseus it actually made her happy that their parents had changed for the better especially their father

"Mother Father!" They all heard a voice from behind

They all turned to see Triton and his daughters swimming towards them

"Grandma Grandpa!!!!!" The daughters of Triton cheered as they hugged their grandparents

"Are they our aunt Persea and uncle Perseaus?" One of the royal mermaids ask looking at the blood twins

"Yes my dear" Amphitite answered her granddaughter

"Hi it's so nice to meet you all!" Persea smiled waving at her nieces as Perseus waved along

They royal mermaids began playing and frolicking with their new found aunt and uncle only stopping when so the twins could get to know Triton

Before they knew it it was time to head back to the palace for dinner

"Posiden please don't start a fight at dinner" Amphitite whispered to her husband

Triton heard this "What are you talking about?" He asked his mother and father as his daughter chatted with Perseus and Persea

"Tsk your mother is just worried that I'll start an argument with your sister about Amarus at dinner..." Posiden explained "But don't worry I won't..."

Cut to dinner

"Why don't you just listen to what I'm telling you!?!" Posiden shouted at was Persea was just sitting in her chair not even looking at her father with a sour look on her face

"I could ask you the same thing..." Persea replied calmly as she took a sip of her wine

Meanwhile the rest of Posiden's younger sons **(Triton Tyson Chrysaor Polyphemus and Arion)** were just watching the scene unfold in confusion as Amphitite and Perseus just enjoyed there dinner as if they didn't notice

"I've had the cooks make your" Amphitite said smiling to her son

"Oh yes thank you mother" Perseus greatfuly told his mother with a kind smile

"I know Persea is still discovering modern foods of today so I had them make her favorites from before she disappeared"

"She's recently discovered Blueberry pancakes" Perseus informed nonchalantly as Posiden apparently said something to Persea to piss her off

"FUCK YOU DAD!!!!" Persea screamed with rage giving her father the middle finger with both hands

The younger sons of Posiden were shocked No one had ever spoken to their father like that and go unpunished **(Exept for his brothers)**

"Is this normal for them?" Chrysaor asked his step mother

"This is actually tamed for them" Amphitite answered as she cut her food "Usually Persea has thrown something at his head by now"

"Persea why can't you see that *man* is nowhere near good enough for you" Posiden argued referring to Luke/Amarus

"You know what...this was a mistake" Persea says getting up from her chair pinching the bridge of her nose and walks as she fades

away back to Alaska

Perseus the gets up calmly "Thank you for dinner it was nice seeing you all" He says as her faded back to Alaska

Posiden sadly slouched in his chair with regret and frustration as his son's just stared in shock

"...Well that went well..." Amphitite comments sarcastically

Greetings and Questions

Only a half an hour back at camp Luke Annabeth were bombarded with questions about Persea and Perseus after Selina told the whole Aphroditie cabin every thing and spread it around like wild fire

In the mess hall at dinner the couldn't even enjoy their food with all the stupid to questions

To Luke

"Wow you really fucked a Goddess!?" Asked an Ares boy

"What was it like!?" Asked an Athena boy

"Is it true you're her long lost lover reincarnated!?" An Aphroditie kid asked with a dreamy look in her eye

"What were her titties like!?" A Hermes girl squealed

To Annabeth:

"Have you done it with that hot Blood God?" An Apollo girl asked

"How big was he!?" Asked a Hecte boy

"What's it like knowing who you were in a past life!?" Asked an Athena boy curiously

"Girl if you marry him you're set for fucking life!" A Hermes girl exclaims

The reincarnation duo had enough especially Luke

"PISS OFF!!!!!" Screamed the son of Hermes as he summoned his sword and chased the annoying campers out the mess hall

Chiron and Dionysus both witnessed this and were surprised by Luke's change in temperament

"Lewis' sure has changed in the last few days" Dionysus as he sips his drink

"Yes when he received he past life's memories he also received the experiences" Chiron explained "The kind experiences that shape your character"

"I know what you mean earlier today I saw Luka do some sword technique that I haven't seen in over two thousand years" Dionysus says scratching himself

"Dose that mean I'll change too?" A voice from behind

Chiron and Dionysus turned around to see a nervous looking Annabeth Both camp directors knew what the daughter of Athena was really worried about

Both God and centaur both stood look at eachother in discomfort

"...I'm out..." Dionysus said leaving Chiron with Annabeth's question

"Dick..." Chiron said under his breath

Then the daughter of Athena and Centaur just stared at eachother for a minute in awkward silence

"Well..." Chiron started

"I'm just gonna go" Annabeth said before leaving

"Oh thank Gods" Chiron says in relief

Later Annabeth was alone in the woods sitting under a tree thinking

"What should I do?" Annabeth asked herself in defeat

"What your comfortable with..." A voice said from right next to the young Athena child She turned her head to see Persea herself "Perseus truly loved Athanasia and he'd never force her to do anything and the same goes for you" The blood Goddess assured the young reincarnation of her brothers love

This seems to have calmed Annabeths nerves but a thought "Wait Lady Persea why are you doing here didn't weren't you supposed to stay in Atlantis till morning? If you don't mind me asking..."

"Oh Dad and I just got into a fight and I just had to get away thank Us Percy is doing damage control or dear old Dad would be causing disasters all over the the world" Persea said sounding tired of her parents already then got up and walked away "Remember just do what you feel is best" The Goddess says as she fades away

Annabeth felt less worried and even excited to see Perseus again

The next day Annabeth and Luke were at the center of camp with Lady Persea getting ready to open the portal back to Alaska

"You two ready?" Persea asks to Luke and Annabeth with a smile opening the portal

"Yes!" Luke and Annabeth answer grinning from ear to ear

"How about you two?" The beautiful Goddess asked looking behind Luke and Annabeth

The son of Hermes and daughter of Athena turned around to see Selina and Charlie with packed bags with smiles on their faces

"You two are coming with us?" Asked Luke

"We've decided to move to Alaska..." Charlie asked with a grin as he gripped Selina's hand "For a ... calmer life"

"Especially since..." Selina lifts up her hand to show off an engagement ring

"OH MY GODS!!!!" Annabeth squealed like an Aphroditie child happy for her friends

"Congratulations!!!!!" Luke said and hugged the newly engaged couple

With that they went with the Goddess to Alaska

Return to Alaska

As soon as they all get to Selina and Charlie rushed to their new home where they would spend the rest of their lives

As for Luke and they ran off to the town to have some fun leaving Annabeth and Perseus alone

A moment of awkward passed

"So..." Annabeth started. "...are we going to...get my memories back or..."

Perseus could sense the uneasiness in Annabeth's voice "Oh Gods not if you don't feel comfortable" He assured her then thought for a moment "I never got the chance to show you something you'd really important" The blood God told Annabeth before gently taking her wrist and entering his home and to his bedroom the daughter of Athena got a bad feeling in the pit of her stomach until she saw Perseus pull out a book from a drawer and handed it to her

As Annabeth held the book, it was clear it was made thousands of years ago by the material it was made from, but it still looks like it was made only recently, but it was definitely used

"What is this, my lord?" Annabeth asked

Perseus smiled at the daughter. I'm "This was my Athanasia's diary..." He says with a melancholy laced tone still keeping up a smile "For all these years I've kept it in good condition so when I found you I could give it to you when you came of age so you could get to know who we are to eachother before we do...that..."

Annabeth was both as surprised as she was happy to hear that Perseus was willing to hold off on sex for now. "I'll get on reading it right away!" Annabeth cheered, but before she could open the book, Perseus stopped her

"Hey, before that, can I ask you something?" The male Blood God asked his reincarnated lover

Annabeth looked the the wayward God with curious eyes. "...Yes..."

"Have you ever been canoeing?" Perseus asked

"Well yeah at few times at camp but never in Alaska," Annabeth said with a hint of excitement

Perseus smiled at this "Well your in for a treat," He said as he almost dragged Annabeth behind him, leaving the diary for now

In Less then an hour, Perseus and Annabeth are on a canoe in the water

Annabeth was intranced by the beautiful wild life all around her

"So beautiful..." The daughter of Athena said with child like wonder

"Were here!" Perseus says with glee sapping Annabeth out of her daze

"Is that a cave in the glacier?" Annabeth asked Perseus

"Well, wait to see it from the inside," Perseus tells her as he rows

"This is so gorgeous..." Annabeth breathlessly said in aw of the beauty surrounding her

After a few hours the left the glacier Perseaus and Annabeth went out for a nice dinner where they talked about architecture history and new plans for the village even about what they're going to do

about Hera

Soon at sunset, they both headed back to Charlie and Selina's new home where Annabeth was staying

"I had a great time today," Annabeth said with a smile and a blush

"Me too..." Perseus in joy then gives Annabeth the diary again "Well see you tomorrow. With that, they part ways

Later, Annabeth started to read the diary

Athanasia wrote down about how Posiden kidnapped her Amarus and the Generals way back then how scared she was how Perseus and Persea nursed her back to health when she got sick how Perseus showed her Olympis's tomes about how Perseus was the first to take her seriously as a scholar and even they're...first time... in great detail

Annabeth was so engrossed and touched the love Athanasia and Perseus had for eachother she wanted to remember more she wanted to remember everything from the time when she was Athanasia so without a second thought the daughter of Athena got up from the couch and headed to the door

"...and where are you off to?" Asked a familiar voice from behind

Annabeth turned to see Selina in her cute and slightly sexy pj's

"...To Perseus," Annabeth answered, not knowing what else to say

Selina just gave her a kind smile. "Do what you gotta do..."

With that, Annabeth smiled at her friend and ran off the Perseus home

Perseus heard a knock on his door and then opened it to see Annabeth holding Athanasia's diary

"Annabeth, what are you doing here?" Asked the blood God

Annabeth took a deep breath and held up the diary and simply said,

"I want to remember..."

Annabeth or Athanasia (smut)

"What!?" Perseus said shocked as Annabeth nervously walked up to him "Listen Anna-" His words died in his throat as the girl wrapped her arms around his neck and gave him a deep kiss

Losing all doubts Perseus wrapped his own arms around his reincarnated lover and kissed her back

"Take off you clothes..." Whispered Perseus after braking away from the kiss as he started removing his own clothing revealing his lean swimmers body in all of its glory

Annabeth blushed while she removed her shirt and pants but stops I'm shocked as she see's Perseus's rather large cock and was a bit intimated especially since it wasn't even hard yet

Perseus noticed Annabeth's nervousness "What wrong my precious bird?" He asked as he wrapped one arm around her waist and lifts her chin so they were gazing into eachothers eyes

The blush on the blonde girls face deepens as she feels the blood God's lean body against her "Th-this is m-my first time and y-your so big My Lord..." Was all she could say before she was thrown on the bed by the God who crawled above her

"Percy... just call me Percy my love" Percy whispered in her ear before he kissed her

The blood God then began to kiss her neck then down to her collar bone to her breasts as he removed her bra to suck on one of the girls nipples as he twirled the other between his fingers

"Oh Gods Percy what are you doing to me!?" Annabeth gasped in pleasure

Percy then lifted his head to look at her as used his other hand to play with her nipples "You said that you were intimated by

my...size, so I'm just preparing you..." With the wayward God moved down kissing his lovers belly till her reached her folds and started eating her out

"OH GODS KEEP DOING THAT IT FEELS SO GOOD!!!!" Annabeth moans and grabs onto Percy's hair Several minutes later the young blonde was on the edge of climax until Percy pulled his face away "What why...?" Was all she could say before seeing Percy lining his cock with her cunt

"Annabeth may I?" Percy asked with caring eyes

The daughter of Athena thought for a moment before answering "Yes..." She answered with a blush before the blood God gently trusted inside of her and began thrusting

"Are you alright?" Percy asked with concern as he continued trusting

"Y-Yes I'm fine j-just *moan* g-go f-f-faster! HARDER!!!!" Annabeth answers in pleasure enjoying every second the God fucks her

Perseus was happy to obliged lifting Annabeth's around his waist trusting in and out like a wild animal in heat

"Fuck fuck! So tight!" Percy grunted as he screws Annabeth "I-I've missed you I've missed you so fucking much Athanasia!" He screamed remembering his time with Athanasia

Normally Annabeth would have been pissed that he said someone else's name but with each thrust he gained more and more memories of when she was Athanasia

"Yeah yeah take it!" Percy moned "Let's get married and I want to make a family with you!"

Several minutes later the lover both climaxed together holding on eachother tightly ans fell back on the bed panting covered in sweat

Annabeth smiled to tell Percy how good it was but before she could say anything Perseus grabs her chin and shoves his tongue in her mouth and they began to passionately make out

Then suddenly the rest of Annabeth's memories of when she was Athanasia came rushing back to her and she shot up shock

"What's wrong my love are you hurt!?" Perseus asked concerned for his beloved

"I remember that she killed me!" Annabeth exlaimed shaking

Perseus wraps her in a comforting embrace to comfort her "Yes Hera said it was to teach me a lesson but it's OK now were together again and she can't separate us again..." He said petting her hair

"No not just that!" Annabeth told her lover confusing him "I remember the *real reason why* she killed me"

Confrontation

Persea and Perseus had called a meeting of Olympis demanding all Olympians be present

Zeus was pissed to be ordered around by two 'Lesser Gods' but at the same time wanting to see The Sexy Blood Twins in person again as well most of the Gods in the room

"Perseus Persea so nice to see you two again!" Zeus says as he looks at the twins lovely bodies so he didn't notice the anger on their faces

"Shove it up your ass you perverted old freak!!!!!" Persea shot back a her least favorite Uncle remembering how he'd always try to get her and Perseus into bed with him

"We have a score to settle so we have even less time and patience for your pathetic attempts to bed us." Perseus says giving Zeus the dirtiest look

The younger Gods were shocked to hear someone insult their father But what shocked them more by Zeus's reaction

"...Alright...What is it?" The king of Olympis replied calmly like...a reasonable person?

The younger Gods all thought the same thing 'What are these two capable of!?'

Luke and Annabeth entered the room with angery looks on their faces

"Luke!?/Annabeth!?" Hermes and Athena shouted surprised to see their children in the meeting room

Annabeth just looked to the Gods sitting on her thrown as she only said "I remember everything..." The Olympians looked at her in confusion as she points to Hera "You locked Persea away!"

The Olympians gasped at the Athena child's accusation

Hera just sits on her thrown trying to keep her composer but everyone could see she was starting to sweat

Hestia was next to speak "Why what motive would she have?"

Annabeth looked to Luke and the Blood God Twins they give her a silent go ahead she smiled and looked to the council

"Her motive for trapping Persea is ties in why she murdered me in my past life" Annabeth began making the younger Gods gasp in surprise "I heared both her and the king of Amarus home talking, Hera promised Persea's hand in marriage if he made all the people in his land devoted themselves to her but when Persea refused the queen here decided trapping Persea in that oyster with would convince her otherwise"

"But why didn't you say anything Persea!?!" Athena asked confused

"And what about Amarus he disappeared soon after Persea!?!?!?!" Posiden screamed

Luke was next to speak "The king Hera tried to sell to knew about me and Persea solo he lured me into the forest to try to kill me but I managed to take with me!"

"And by then Hera dug herself too deep so she put a memory wipe spell on Persea so she wouldn't remember and killed me after I heard her and the king discussing about Hestia well not in that order but you get the gist right?" Annabeth finished leaving the Gods shocked

"Hera did you really do all that?" Asked Zeus

"Oh geez the manipulative Marriage Goddess did something like tha- OF COURSE SHE DID YOU STUPID, ASS CLOWN!!!!!!!!" Persea shot back letting out all of her rage on her perverted uncle

"What's worse she used the Roman demigod to stop us from saving Persea" Annabeth added

"When we found them the were all unconscious from the energy of Tartarus" Perseus grows in disgust "She put innocent children in danger just to avoid the consequences!!!!"

Everyone in the room turned to Hera who was shaking in fear at this point

The rest of the Gods didn't need to hear anything more they surrounded the quivering Goddess and chained her to await further trial

As the Gods walked out Posiden stayed behind giving his twins children and their lovers with sad apologetic eyes

"...All this time..." The Sea God started sadly to Luke "All this time I thought you had taken my daughter from me but you really did love her" He then looks to all of them "Is there anything I can do to make this right?"

"There is..." Luke began "You can build more cabins demis of 'lesser' God, help us convince the other Olympians to claim *all* of their children and not just cram them in cabin 11"

Posiden just pondered for a moment "I'll do all that I can..." He assured them before going off to join the other Gods

Changes at camp

It had been a month since the confrontation with Hera much has happened

Hera was stripped of her status as Queen of the Olympians and sent to Tartarus

Perseus and Persea had convinced or rather threatened the Olympians to not only to claim ALL of their children but to build cabins for the other Gods as well cabins which have been designed by Annabeth

The Greek and Roman camps have made alliance to aid eachother and the campers from blth. Sides were all to happy to meet their new found siblings

Many demigods from both camps had moved to Alaska to live Peacefully under the watch of Perseus and Persea
